Matches (2025r.) Krótkometrażowy film eksperymentalny, taśma 16mm, skan filmu: 1080p, 2:40min

- ***Matches*** (2025). This experimental documentary, shot on 16mm film, explores tree felling as a disruption of local memory and the landscape's natural rhythm. The raw materiality of the analogue medium, with its grain and fragility, serves as a parallel narrative layer to the physical changes depicted on screen.
